

"I HEAR AMERICA SINGING"

Sunday, October 11, 2026

ST. AGNES CATHOLIC CHURCH
1920 NEWBURG ROAD
3:00 PM

"I hear America Singing!" Although most of the fireworks have faded, we wanted to offer one more opportunity to celebrate America's 250th anniversary through music. Chorale and orchestra will present various "snapshots" of places and peoples, reminders of struggles and heritage through the songs of America. Familiar folksongs and hymns are woven into a fabric that includes American greats Aaron Copland and Leonard Bernstein, as well as contemporary composers Caroline Shaw, Eric Whitaker, and Jake Runestad. Come join the Chorale in singing America the Beautiful, listen to the singing of a thunderstorm in Yosemite, float down the wide Missouri, reflect on a Frost poem, and revel in a frontier square-dance. Be a part of the celebration with us!

A HOLIDAY "CAROLFEST"

Sunday, December 6, 2026

HOLY SPIRIT CATHOLIC CHURCH
3345 LEXINGTON ROAD
3:00 PM

In the Chorale's fourth year at Holy Spirit with the Kentucky Brass, the Holiday concert has become a regular part of the season for so many of our patrons and their families. One of the unique attractions is the opportunity to sing along with traditional carols. There is nothing like flinging your voice into the euphonic swell of a full chorus, brass choir, organ, and more than 500 audience participants singing in the season. Our family-friendly concert will involve children of all ages in a holiday favorite, and the Chorale will perform their traditional festive processional along with great classical repertoire for brass and choir.

BACK TO THE CLASSICS!

Sunday, April 11, 2027

ST. MICHAEL'S CATHOLIC CHURCH
3705 STONE LAKES DRIVE
3:00 PM

In the history of classical music, it would be challenging to think of any names more iconic than Mozart, Beethoven, and Brahms. The Chorale and orchestra will present a mythological journey, an opera overture, and a mass setting. Brahms's *Nänie* is an exquisite setting of Schiller's poem featuring three mythological stories about the gods and fading beauty. Mozart's archetypal overture to *Die Zauberflöte* features our outstanding orchestra and provides a breath of perfect balance and harmony. Standing in the shadows of his extraordinary *Missa Solemnis*, Beethoven's *Mass in C* is often less known, yet its content remains quintessential Beethoven with all the power, dramatic expression, and soloistic properties that place the composer at the pinnacle of classic/romantic intersections.
